RE: NEW BUILDING PROJECT AT LAERSKOOL RIETFontein-NOORD

We are fortunate to have the opportunity to expand our school property and add some new classrooms. The School and Governing Body understand that this will have a big impact on the learners as well as the teachers and we can only apologise in advance. The principal, staff members, Governing Body and Contractors have explored all options to minimise disruption throughout the process and safety is top priority.

We herewith ask our parents to assist us in educating their children about the safety measures of a building site as well. When the dust has settled and we are all moved in, it will be great to have extra classes and space for more learners.

We are delighted to announce that work already started on Wednesday 5 May 2021. During construction work, the site will be fully enclosed, as the safety of the learners is our main concern and building work has been scheduled not to impact on the teaching time. You will be kept up to date with the project and any implications during the building phase as the need arises. In the meantime, if you have any queries, please e-mail us at irn@yebo.co.za.
